

Jennings Storm Sewer Replacement and Resurfacing

City of Warrensville Heights

Public Notice

The City of Warrensville Heights is advising that your street will be under construction as part of the Jennings Storm Sewer Replacement and Resurfacing project. The contractor will be replacing storm sewer pipe on the north and south side of the street, replacing several driveway aprons on the south side of the street and resurfacing from the west end of Jennings to Green Road. Further communications will be provided to residents on the south side of the street whose aprons will be replaced. Mobilization of the project will begin on or about Monday, October 6 with the milling and removal of the existing asphalt pavement commencing on or about Tuesday, October 21st. Apron replacements will occur with new asphalt paving to follow shortly thereafter. All work is scheduled for completion on or before the first week of November.

Traffic will be maintained at all times; however, reasonable delays can be expected. Please obey all signage and traffic patterns during these operations. If your apron will be replaced, you will be notified by the contractor in advance and overnight on-street parking for the affected residents will be permitted.

Place dumpsters at the end of your drive as normal on trash pickup day. Crews will ensure that all carts are emptied as normal throughout construction.

The work will be performed between the hours of 7:30 AM and 4:00 PM Monday through Friday. The City would ask that you avoid on-street parking during milling and paving operations on your street.

We appreciate your patience and cooperation during this construction period. The City of Warrensville Heights and C.A. Agresta will do everything possible to minimize the inconvenience caused by this type of construction.

If you have questions, please do not hesitate to call The C.A. Agresta Construction Co. at (216) 382-2525 during normal working hours. For after-hour concerns, please contact Marnie Agresta of C.A. Agresta Construction at (216) 323-3280.
